RESONANT ASSET MANAGEMENT

Resonant Asset Management is a professional investment management firm based in Perth and Sydney which specialises in Separately Managed Accounts ("SMA"s).

SMA SPECIALISTS

Resonant's main focus is SMA's, which we believe provide investors with greater flexibility, transparency and control over their investments. Unlike many other asset managers, Resonant's investment approach is specifically tailored to compliment the unique advantages of the Separately Managed Account structure.

INVESTMENT PHILOSOPHY

Resonant's core belief is that investment out-performance can be achieved by applying a rigorous, robust and systematic investment process, as demonstrated by its track record*.

INVESTMENT APPROACH

At Resonant we use a "Quantamental" approach when it comes to portfolio management. Quantamental Investing combines traditional "fundamentals" based investment analysis with modern quantitative techniques, in order to achieve a "best of both worlds" approach to investing. Resonant also uses these quantitative tools to better monitor and manage investment portfolio risk. Resonant takes advantage of advances in data and technology, as well as the latest low cost investment structures. This allows Resonant to keep overall portfolio fees lower, passing on greater returns to investors.

PROFESSIONAL INVESTMENT MANAGEMENT
A team with over 80 years combined experience within institutional direct securities/funds management.

A TEAM WITH A TRACK RECORD
Based in Sydney and Perth, Resonant Asset Management's Separately Managed Accounts (SMA's) have a 5 year track record of delivering strong out-performance*.

PARTNERED WITH YOUR ADVISER
Resonant works closely with your Financial Adviser, keeping them informed of everything that is happening in the portfolios and why.

MANAGING RETURN AND RISK
Risk is just as important when it comes to investing as Return. Resonant has a particular focus on ensuring returns are generated only using the appropriate amount of risk.

*see note on performance analysis in notes and disclaimers

MODEL OVERVIEW

To invest in an actively managed diversified portfolio of direct securities, managed funds and ETF's across a broad range of asset classes. The portfolio is optimised to aim for the highest level of return whilst remaining in a conservative portfolio allocation set out below. As a result, asset allocations may vary depending on market conditions and correlations, however it is expected that over a full economic cycle the portfolio will consist of a wide range of assets including domestic and international shares, bonds, infrastructure, property, and cash.

Investment Horizon	4 Years
Objective	BB AusBond BB + 1.6% p.a.
Premium Code	RN0001

Notes on Returns: The returns presented reflect the performance of Resonant's headline managed model portfolios only, they do not reflect individual investor returns. The managed model returns are shown net of any underlying investment product fees. The returns do not include any adviser fees or platform fees. The returns do not include the benefit of franking credits and are shown before tax. Please note the actual returns of individual investors will differ due to adviser fees, platform fees, franking credits, market timing and realised trading costs. Client specific circumstances such as the investor's tax rate and any client directed holdings or exclusions will also influence individual returns. The "inception date" used in this report, being 1st July 2016, reflects the date that Resonant's "Quantamental" investment process was implemented by Libero Capital, formerly a related entity of Resonant. Resonant was "spun out" of Libero Capital in 2017. In February 2018 Resonant launched a suite of SMA models on the Netwealth platform. **Fees:** For the fees related to this product and their breakdown, please refer to the PDS.
